TECHNICAL SKILLS

PROGRAMMING LANGUAGES

JAVASCRIPT, PHP, SQL, PYTHON,
C++,TYPESCRIPT, HTML/CSS,

TECHNOLOGIES

MACHINE LEARNING, AWS, FIREBASE,
OPENAI, VITE,

DATA MODELLING

XML, POWERBI, TABLEAU,
ORACLE-SQL-DEVELOPER

DATABASE MANAGEMENT

MONGODB, ORACLEDB,
MYSQLDB, PHPMYADMIN

EXPERIENCE

REACTJS-DEVELOPER (INTERN)

Celebal Technology | Bengaluru | June 2023 - Aug 2023

During my React.js internship, I contributed to developing and enhancing user interface components, collaborated with the team to debug and optimize code, and gained practical experience in implementing responsive designs and integrating APIs.

Responsibilities:

- Assisted in building and maintaining web applications using React.js.
- Implemented various user interface components and features.
- Collaborated with senior developers to review and enhance code quality.
- Integrated APIs to fetch and display dynamic content within the applications.
- Actively engaged in team discussions and contributed to finding innovative solutions for development challenges.

WEB-DEVELOPER (INTERN)

HappyMonk | Bengaluru | March 2023 - June 2023

As a Next.js developer, my role involves leveraging my expertise in Next.js, a popular React framework, to develop and maintain web applications for the company. I work closely with the development team and stakeholders to design, implement, and deploy robust and performant web solutions.

Responsibilities:

- Collaborate with the team to gather requirements and understand project goals.
- Implement efficient and reusable components, ensuring high-quality code and adherence to best practices.
- Utilize Next.js's server-side rendering (SSR) capabilities to optimize website performance and improve search engine optimization (SEO).

WORDPRESS(PHP)-DEVELOPER (INTERN)

Kushel Digi Solution | New Delhi | April 2022 - September 2022

As a PHP developer, my primary responsibility would be to design, develop, and maintain WordPress websites for the company and its clients. I was an integral part of the development team, collaborating with designers, project managers, and stakeholders to create visually stunning and functional websites.

Responsibilities:

- Provide ongoing maintenance and support for WordPress websites, including updates, backups, and security measures.
- Troubleshoot and resolve any technical issues that may arise, such as theme conflicts, plugin compatibility, or performance bottlenecks.
- Assist clients and internal stakeholders with WordPress-related queries, offering technical guidance and support.

EDUCATION

UNIVERSITY - DEGREE/BACHELOR(CSE)

Lovely Professional University

2020 - 2024

SCHOOL - SCIENCE

Patanjali Rishikul

2015 - 2019

CERTIFICATIONS

REACTJS MASTER CLASS - CIPHER SCHOOL

JAN, 2023

FULL-STACK WEB DEVELOPMENT COURSE - UDEMY

MAR, 2022

NEXTJS BOOTCAMP COURSE - UDEMY

MAY, 2022

PROJECTS

MERN CHAT APP

Technologies Used : ReactJS, FireBase, Express, SCSS, NodeJS

Link : <https://chat-app-react-two.vercel.app>

The MERN chat app is a real-time messaging application built using a combination of modern web development technologies. It provides users with the ability to communicate with each other through chat messages in a seamless and interactive manner.

AI-IMAGE-GENERATOR USING DALLE

Technologies Used: VITE, Tailwind CSS, Cloudnary, OpenAI

Link : <https://chat-app-react-two.vercel.app/>

The AI Image Generator using DALL-E is an innovative application that utilizes advanced artificial intelligence algorithms to generate unique and creative images based on user input. The application is built using cutting-edge technologies including Vite, Tailwind CSS, Cloudinary, and OpenAI's DALL-E model.

OPENTABLE (RESTAURANT) APP

Technologies Used: NextJS, Tailwind CSS, JWT, FireBase, TypeScript

Link : <https://github.com/sudh-202/opentable>

Crafted a dynamic restaurant app with Next.js, seamlessly blending server-side rendering and modern UI. Enabled users to explore menus, place orders, and reserve tables effortlessly. Enhanced performance and user experience through optimized frontend design and efficient data handling.

CARHUB (CAR SHOWCASE) APP

Technologies Used: NextJS, Tailwind CSS, JWT, FireBase, TypeScript

Link : <https://github.com/sudh-202/carhubpro>

Unveil the world of automobiles with our captivating Car Showroom App, powered by Next.js. Immerse yourself in an interactive journey, seamlessly exploring a vast collection of vehicles. With real-time updates and dynamic visuals, finding your dream car has never been more engaging and exciting.
